

VILLAGE AT GOODWILL

Preliminary & Final Site Plan

Town of Montgomery, Orange County, NY

CLIENT: Montgomery Group, LLC

Services Provided:

- Master Planning/Concept Study
- Preliminary & Final Site Plans
- Landscape Architecture
- Construction Documents

Project Description:

An approximately 200 acre community in Montgomery NY, this project includes 480 mixed style living units, a 125 bed assisted living facility and a clubhouse with amenities. 20% of the units provide affordable housing. Omland Engineering Associates, Inc. was critical in the plan development being responsible for grading, layout, landscaping and cost engineering. Omland Engineering Associates, Inc. is now involved in the construction phase of the project and is working with the owners to include additional improvements.
